Subject: Coresta

URGENT!!!

I need to speak to you urgently re the "2mg" issue in relation to Coresta Method No. C. This is becoming a "hot" issue.

Please telephone me Thursday morning New York time (212-880-4059).

I am copying Helmut Gaisch on this so that he or Gill can get this message to you to have you telephone me Thursday.

Would someone please prof a reply (not telefax) to me so that I have the reply regarding what was done in response to this message when I arrive in the office Thursday morning.

Many thanks,

Bradley Brooks
